## MINUTES

**Meeting:** April 14, 2026

AGC invited the Lenox Historical Society members to join AGC members for the meeting. In total thirty-six people attended. Several people also chose to join AGC at the meeting.

Linda Golf opened the meeting at 6:04 welcoming all, especially the new members attending. She then asked that the minutes be approved as published in *The Thymes*. The approval of the minutes was moved and voted unanimously.

Linda welcomed the Lenox Historic Society ladies to this joint presentation by Mary Ellen O'Brien on flower arranging preparation for the joint flower show this summer on the porch of the Curtis Hotel.

Linda reviewed the duties of each of the officers and the club committees and asked that members consider volunteering as next month we will select new officers.

She also thanked members for bringing items for the food pantry and reminded members of the book club which will meet on Thursday at

the Lenox Library. The book this week is "The Garden Plot." She noted that May 6th is also a tour of Cricket Hill Garden in Thomaston, CT.

In October 2026 we will do a workshop on making potpourri. It was requested that people begin to save flower petals from their gardens throughout the summer. Tonight, Sandy brought some tubers of Cana Lilies that members are encouraged to take home and plant as the weather warms.

The meeting was closed at 6:18 and members were invited to sing happy birthday to Tjasa. The singing was followed by a get to know you quiz led by Linda before Jan Chague introduced our speaker.

Respectfully Submitted

**Sarah Hatch, Secretary**
