

Academy Garden Club Thymes

A NEWSLETTER FOR THE MEMBERS OF THE ACADEMY GARDEN CLUB OF LENOX

MAY 2024

MINUTES APRIL 9, 2024

Following a wonderful presentation by Anna Smith on "Dying with Herbs", Susan opened the meeting at 7:41p.m. with an update that Pat Neri has moved from the hospital to rehab at Kimball Farms. While Pat is not yet up for visitors, she has said she loves receiving cards. Sarah Hatch and Susan Wolf said they had sent cards on behalf of the Academy Garden Club, but Susan suggested Pat would appreciate additional cards, mailed to the PO Box listed in the Club handbook.

Twenty-one members were in attendance. Susan requested that the minutes and treasurer's report be approved as mailed. They were unanimously voted "approved."

Susan then asked Cindy Packard, who will lead the program at the May meeting, tell the group a bit about what is planned. Cindy said that, rather than block printing as stated in the handbook, the next program will involve Printing using Nature. Although supplies for the workshop will be provided, Cindy suggested it may be helpful for members to bring tweezers to the meeting. She explained that we will be working with acrylic paint. Cindy and her team of helpers will bring paper to cover the tables, and everyone will use care to be sure we leave the Community Center in good condition.

Baring no new business the meeting was adjourned at 7:46 p.m.

Respectfully submitted,

Sarah Hatch, Secretary
