Thank-you to Sarah Hatch who gave us a very interesting talk on 4 Generations in the Berkshires in March.

Thank you to our hostesses Lynne Schmitter and Carol Way for our delicious St. Patrick's Day themed refreshments.

Finally, thank you to everyone who brought something for the Food Pantry, and to Dianne for delivering our donations.

In early March, ten members enjoyed their visit to the Smith College Spring Bulb Show although parking was an issue again.

Regrettably we cancelled our organized visit to the Capital Region Flower & Garden Expo in Troy at the Hudson Valley Community College as only one member signed up.

During April we will put together our proposed Budget for 2025-2026 which we will present to you at our May meeting and vote on it at our June Meeting.

We will also be reaching out to our committee members to confirm that they wish to continue in their role. If anyone wants to join a committee (see page 4 of our Yearbook), please let me or Linda Goff know.

**Best Wishes to you all,**
